# Pruthiraj Panda

Tech Enthusiast

Passionate and dedicated programmer with a fervent enthusiasm for coding, problem-solving, and continuous learning in the dynamic field of software development

✉ pruthirajpanda051@gmail.com  📱 9692890120  📍 Bhubaneswar,Odisha, Bhubaneswar, India

## EDUCATION

### Study Program
Bachelor in Technology. International institute of information Technology.

*11/2022 - Present*                                              *Bhubaneswar, Odisha*

*Courses*
- Computer Science & Engineering.

## WORK EXPERIENCE

### Title/Position
Programming society of IIIT Bhubaneswar

*07/2023 - Present*

## SKILLS

Proficient in backend development using Node.js, Express.js, and MongoDB. Experienced in designing and implementing RESTful APIs for seamless communication between the frontend and backend.

Strong proficiency in JavaScript, with a focus on server-side scripting using Node.js.

Seasoned in data structures and algorithms with a strong problem-solving acumen, having successfully solved over 550 LeetCode questions and achieved a milestone of 1000 points on GeeksforGeeks, demonstrating a deep understanding of algorithmic complexities and a commitment to continuous learning and improvement

## PERSONAL PROJECTS

### Ecommerce website
- "Designed and implemented a dynamic eCommerce platform clone using HTML, CSS, and JavaScript, demonstrating expertise in front-end development

### Todo app
- Developed a robust Todo application leveraging Node.js, Express, and MongoDB, showcasing proficiency in full-stack development, RESTful API design, and database integration to create an efficient and scalable task management system

## ORGANIZATIONS

### Programming society of IIIT Bhubaneswar
*Currently serving as a core team member in the Programming Society of IIIT Bhubaneswar, actively contributing to the competitive programming domain, fostering a collaborative learning environment, and organizing events to promote technical excellence among peers*

## CERTIFICATES

### Data structures and algorithms (11/2022 - 08/2023)
*Successfully completed an intensive Data Structures and Algorithms course at PW Skills, gaining a solid foundation in fundamental algorithms, data structures, and problem-solving techniques, enhancing my skills for effective software development*

## LANGUAGES

Java , c++ ,c
*Full Professional Proficiency*

python
*Full Professional Proficiency*

## INTERESTS

Full stack web devlopment
